

Welcome to a World of Benefits

For Tesla owners, by Tesla owners

teslaowners.sg/memberships

About Tesla Owners Singapore

Tesla Owners Singapore is a community of owners and enthusiasts committed to advancing Tesla's mission to accelerate the world's transition to sustainable energy

Our Purpose

Tesla Owners Club advocates for Tesla by supporting legislative efforts, offering test-drives, volunteering at shows, educating new and prospective owners, hosting social events and passionately referring friends and family to explore Tesla ownership for themselves.

Our Value

We are a non-profit community formalised as a registered society in Singapore. We partner with Tesla, corporate partners and associations to bring support, events and offers to existing and prospective Tesla owners.

CLARITY COAT

The Ultimate Totem of Paint Protection

[ClarityCoat](#) is a sprayed-on peelable paint protection film. It belongs to a different league of protection versus Ceramic Coating or Paint Protection Film. ClarityCoat is the pinnacle of car paint protection in current technology.

It is applied exactly like spray-painting and cured in a dustless booth. Once fully applied, it offers up to 300 micron of protection

TOSG-Exclusive

You are entitled to 10% discount, includes:

1. Additional Protection with Labocosmetica #SAM Coating
2. Rims Coating with Labocosmetica #STC
3. Windscreen Coating with Labocosmetica #Aquavelox
4. 12 steps interior detailing with Labocosmetica Derma Sealant 2.0
5. Additional Rooftop Protector

XPEL, Inc. (Nasdaq: XPEL), a global provider of protective films and coatings, announced EA Detailer as an Authorised Dealer in Singapore.

EA Detailer exclusively use XPEL's PPF product on its entire fleet, offering premium protection for each car against rocks, rubber, and other track debris.

Xpel ULTIMATE PLUS™ is constructed from an elastomeric polyurethane and is designed to prevent rock chips and light scratches. It is self-healing, and when exposed to heat, fine scratches and swirl marks will disappear over time. Film for car will be precisely cut from XPEL's expansive pattern library housed in its Design Access Program.

You may now select from 3 choices of Finishes for your beloved vehicle: Clear, Satin or Black

TOSG-Exclusive

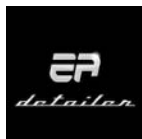

- 10% Savings from Usual Price
- Windscreen Coating with Labocosmetica #Aquavelox
- Rims Coating with Labocosmetica #STC
- 12 Steps interior detailing
- Additional RoofTop Protector

The state of the art self-healing film that provides you a real 2nd skin that shield your vehicle from flying rocks and winter salts

Automotive window tint isn't just about keeping a low profile anymore. PRIME™ not only looks cool, it feels cool. It outperforms other types of films to keep you comfortable and protected. Backed by lifetime transferable warranty.

EA Detailer carries 2 range of Xpel Prime Window Film. All our installation is complied with LTA compliance unless customers' request.

Utilizing a nano-ceramic construction, PRIME XR™ maintains the same flawless appearance and clarity throughout the years. Blocking up to 88% infrared heat rejection, PRIME XR will provide you with the level of performance you expect from a top-of-the line film without breaking the bank.

Offering 98% infrared heat rejection thanks to multi-layer nanoparticle technology, PRIME XR PLUS™ combines a cool look with extreme performance. Let PRIME XR PLUS keep you comfortable and protected no matter the weather.

Feynlab Self-Healing PLUS

FEYNLAB's pedigree product, developed with extensive field testing and refinement, it is the only true Self-Healing coating available on the market!

To activate healing: simply park the vehicle in direct sun where the temperature is 30°C (85°F) or higher and the Ceramic Polymer Matrix will reset. Fine scratches and micro swirls will vanish, revealing a super glossy reflective surface!

TOSG-Exclusive

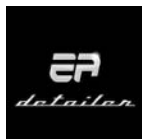

- 15% Savings from Usual Price
- Prior coating application, every vehicle will undergo a paint restoration program (removal of fine line scratches, waterspot elimination, swirlmarks removal, etc.). Followed by a 12-step detailing of the interior cabin; including seats, dashboard, central console, door panels/shuts, glass panels, roof lining, floorboard & carmats.

Plus freebies worth \$1,600+!

- Labocosmetica #AquaVelox Windscreen coating worth \$229
- Labocosmetica #STC Rims Coating worth \$229
- 2-Stage Interior with Labocosmetica Derma Sealant 2.0 worth \$249
- 3-Stage Paint Correction worth \$409
- 2 Sessions of Coating Conservation worth \$498

Singapore 309436

Labocosmetica #BLINDO Ceramic Coating is a new coating concept: it creates an ultra-fine, transparent layer that increases the hydrophobic properties of the surface and is more resistant to climatic and road factors. Its innovative formula is based on a complex resin with high molecular weight, featuring a siloxane “core” with a polyhedral 3D “cage” structure. This ensures effective stratification, improved cross-linking rigidity, thermal defiance and high resistance to abrasion. Labocosmetica warranty #BLINDO to be effective for 75,000 km or 5 years

Labocosmetica #STC Ceramic Coating is an enhanced 2 steps version permanent nano coat. The first step, STC, is a ceramic clear coating with superior resistance to scratching, chemical etching, fading due to UV and provides outstanding protection properties. HPC being the 2nd layer adds great gloss and slickness for a fantastic shine.

Labocosmetica warranty #STC to be effective for 60,000 km or 4 years

TOSG-Exclusive
